AEI REDELIVERS FIRST OF TWO KAHALA B737-400SF's

MIAMI, FL., --October 7, 2013-- Aeronautical Engineers, Inc. (AEI), is pleased to announce that it has redelivered the first of two Kahala Aviation B737-400SF 11 Pallet Conversions. The first freighter to deliver is a high gross weight B737-400SF, (MSN 25052) built in 1991 and has been leased to Jet Time A/S, a Danish Charter Airline. The conversion was performed at AEI's Authorized Conversion Center, Commercial Jet Services in Dothan Alabama. This is AEI's 13th freighter redelivery in 2013

Mr. Robert T. Convey, Vice President of Sales & Marketing for AEI stated that "On behalf of the entire AEI team I would like to thank Kahala Aviation for selecting the AEI B737-400SF conversion product for their fleet expansion." He adds, "The AEI B737-400SF 11 Pallet Conversion is the industry's preferred narrow body freighter, which allows operators and investors alike to maximize their investment through market acceptance and recognition."

AEI's B737-400SF shall provide Kahala's customers with an Ancra CLS capable of carrying multiple ULD's including:

- (10) 88"x125" AAA Containers/pallets, P1 to P10 or
- (8) 96"x126" ULD's and
- (1) 53"x88"x64" Pallet or AEP/AEH or 60.4"x61.5" AKE/LD3 or 61.5"x88"x56"H AYY in P11

This unique flexibility has been designed by AEI to allow the operator to immediately adapt to multiple ULD configurations at a moment's notice. When combined with proven reliability, the AEI Converted 737-400SF will allow Jet Time to keep their aircraft where it belongs "In the air, generating revenue".
